1<sup>st</sup> item on agenda: **Luke's bookstore report**

- 1) L.A. projected more attendance than actually appeared, the community ordered on that projection, resulting in overstocked books.
- 2) Luke has contacted Anna Bartenstein regarding the overstocked books. She will purchase them back. DVDs sent from Italy have the wrong region code for the U.S. Luke has contacted Shang Shung Italy about this. After Fabio's retreat Luke will return overstock-mostly "Precious Vase" and "Yantra Yoga" books, and the DVDs. Worth is approximately \$600-\$800.
- 3) Gene moved to have inventory of books ordered for the retreat. How much sold, what remains. Luke will send the Square report to the center.
- 4) Luke is retiring from the bookstore for many reasons, part of which is his experience working with Shang Shung Italy - the DVDs with the wrong region code, the length of time & difficulty with communication.

**Open Discussion**

**Luke** mentioned a discussion with Sadat and Jacob Winkler regarding the programs in Europe where members directly support the lings. There have been six people consistently for Yantra Yoga. Luke put a question to them about donating to the ling and the response was very positive.

**Dawa** also suggests a pledge drive specifically highlighting ling membership.

**Carisa** suggested a survey of the local community to find out who is ready to step up and work toward keeping the center running.

**Kathleen** stated we have been getting less donations every year, hence the need to be proactive, and we should have a community meeting to get energy and ideas moving. We need long term goals and short term action. We need to draft a fundraising letter to present at the meeting.

**Monica** stated that we need bodies as well as money. We also need a survey to list what is needed and find out what people are willing to do for the center.

We will address this with SurveyMonkey but also a form will be distributed at the meeting.

**Luke** suggested using Evite to figure out how many people will attend, in advance. This was voted down.

**Carisa** suggested a three question survey.

**Kathleen** Then we need a followup with the information given to determine if we can really go forward.

**Gene** suggested an open discussion part of the meeting among attendees.

**Monica** feels we are working against each other a lot.

Motion for a paper survey to present at the meeting with a list of need. Motion carried.

Motion for a pre-meeting survey via SurveyMonkey. Motion carried.

**Laurel** will invite people to community meeting via Facebook.
